(vi) Institutional set-up for liquidity risk management:

Digamber Capfin Limited (DCL) has already constituted Assets Liability Management Committee (ALCO), to oversee and manage the Company's liquidity risk management framework. The ALCO comprises the Managing Director, Whole time Director and Head Accounts & Finance other designated members. The Committee meets on a quarterly basis to review the Company's liquidity position, assess funding requirements, monitor liquidity gaps, and evaluate liquidity-related risks. The company is also following ICAAP for assessing capital adequacy. The ALM monitoring group tracks the liquidity positions on daily basis.

In addition, DCL has constituted a Risk Management Committee (RMC), which is responsible for overseeing the overall risk management framework of the Company including liquidity risk. The committee reviews the Company's risk matrix and evaluates emerging risks, and assesses the adequacy and effectiveness of risk mitigation measures.

The ALCO (considering ALM Monitoring Group's suggestions) and the RMC provide regular updates and recommendations to the Board of Directors, enabling effective oversight and informed decision-making on liquidity and other key risk management matters.
